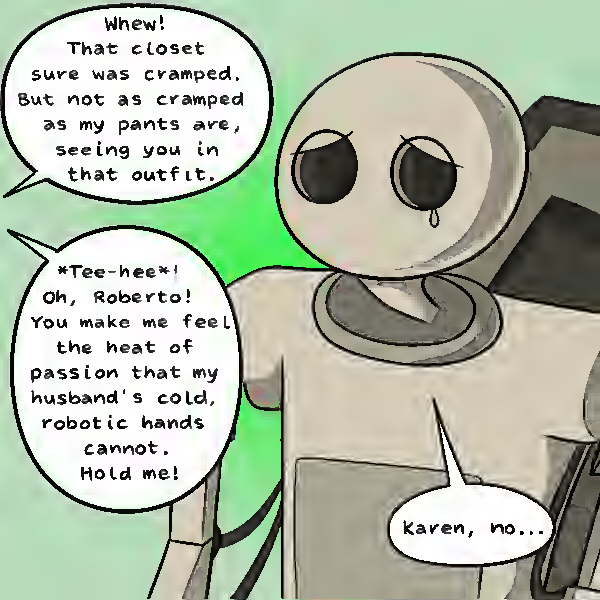
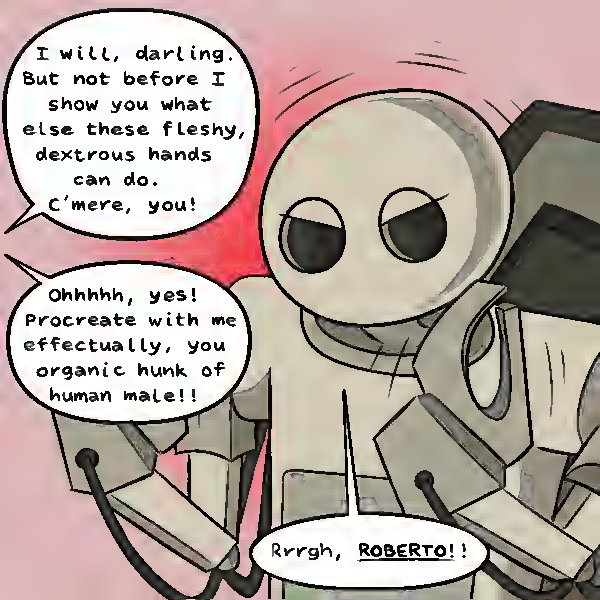
Roberto, my love! The coast is clear. You can come out now!



Whew! That closet sure was cramped. But not as cramped as my pants are, seeing you in that outfit.
Tee-hee! Oh, Roberto! You make me feel the heat of passion that my husband's cold, robotic hands cannot. Hold me!
Karen, no...



I will, darling. But not before I show you what else these fleshy, dextrous hands can do. C'mere, you!
Ohhhhh, yes! Procreate with me effectually, you organic hunk of human male!!
Rrrgh, ROBERTO!!
